

The Product

What's product?

Tale of Two Cities, Lulu Busts Her Cherry, War and Peace.

Run Two Cities first—that's got firing squads, right?

Guillotine.

Chop! but not enough gore. At any rate lots of teasers about Lulu'll tug em into her.

What should teasers say?

I'll leave it to you. Write some shit. Isn't that what you've always done.

Not consciously.

We'll be fuckin conscious! We're making money here. Or is that a bad word for you bleeding hearts?

Teasers during Lulu?

Yeah War and Peace! Gallons of blood in Polack land. Uppity women dying to screw every hour or so.

Russia.

What's the difference? Jews don't run the business anymore. They were from fuckin Russia.

You're Ivy League grad?

Ran crack. The real world.
